

A. STATEMENT OF PURPOSE OF WAYCAM

As stated in the WayCAM by-laws, the mission of the Corporation shall be to provide a non-profit electronic forum for the free exchange of information and ideas that reflect the talents, skills, interests, concerns, and diversity of the Wayland community. In pursuit of this mission, the Corporation shall:

- 1) Manage facilities for community Access TV programming on the Public, Educational, and Governmental (PEG) Access channels of the Wayland cable television system;
- 2) Provide access to and training in telecommunications and/or computer technology, including video production and computer communications;
- 3) Serve as a catalyst to facilitate and stimulate community discourse and provide leadership in the uses of telecommunications technology.

B. MEMBERSHIP IN WAYCAM

WayCAM Membership valid from; January 1 – December 31.

1. All residents of the Town of Wayland, 18 years of age and older, and all organizations and families with a presence in the Town are eligible to become a voting Member of the Corporation. All others, including students, are eligible to become non-voting Members.
2. Membership entitles individuals to voting privileges at the annual meeting; subscription to any newsletters, program guides or other publications; open access to training, production equipment and facilities; and channel time.
3. There are three (3) categories of membership: Individual, Family, Organization. Each category includes voting privileges, at the rate of one vote per membership. Families and Organizations must designate the one member to represent their voting privilege.

(See Appendix A: “Membership Application”)

C. ROLE OF THE WAYCAM STAFF AND VOLUNTEERS

Successful public Access programming depends on participation of many active, trained volunteers who use video communication tools to reflect their ideas and interests, independent of WayCAM. Because of this, as well as limited staff time, WayCAM cannot provide video production services for the private use of community members or organizations. Staff will help assist community members in assembling production crews from among trained and qualified community volunteers, but this is not guaranteed. However, community organizations or producers planning to produce programs on a regular basis are encouraged to form their own television production crews, who shall be expected to become members and then trained.

(See Appendix B: for Membership & Request for Video or Broadcast Services)

D. ACCESS RULES

1. WayCAM studio and equipment is available to Wayland residents, groups, organizations and institutions on a first-come, first-serve basis, with the following limitations.
 - a. Anyone using the studio and equipment must be oriented to the philosophy of Access, must be familiar with the WayCAM Rules and Operating Procedures, and must sign the **“Annual Access User Agreement” (See Appendix C)**, which holds the user responsible for the studio and equipment during the time such use is assigned to that person/entity.
 - b. Anyone using the Access equipment must be qualified to do so, in the judgment of the Station Staff and must be a current Member of WayCAM.
 - c. Programs produced with Access equipment and facilities must be cablecast on the Wayland Access Channels. WayCAM does not provide services for the sole purpose of creating archives. Programs are generally archived here at the station, until space or age of the program does not allow us to. Most Government programs appear online within 3 business days after recording, via our On-Demand feature, where they are generally archived for 12 months.

The Producer is WayCAM's main contact for a program and must be a resident of the Wayland or work in the town. While a program may involve many Access Users working on the same production, the Producer agrees to be personally and financially responsible for all liabilities arising from safety and other violations of WayCAM's PEG access programming operating procedures, committed by themselves or any members of their production crew. In the case of a minor, his parent or guardian assumes all responsibility for program content and other liability outlined in WayCAM's PEG access programming operating procedures and the Access User Agreement.

The offender has the right to appeal the action by writing to the President of the WayCAM Board of Directors, 268 Old Connecticut Path, Wayland, MA 01778, asking for a hearing at the next Board meeting. WEEKLY PROGRAMMING – General Practice for PEG Channels

Public, Education & Government channels are equally treated. No one program is more important than the other. Our broadcasting capability is 3 channels; 1st channel: Public and Education (Comcast channel 8 & Verizon Channel 37); 2nd Channel: Government (Comcast channel 9 & Verizon Channel 38); 3rd channel; (CBB) Character Bulletin Board which supply a service to the Town by broadcasting public service announcements, local weather reports and town board information. The PSAs and board information have to be from a non-profit organization to appear on the CBB. (Comcast channel 99 & Verizon Channel 39) These channel announcements also will play on the other 2 stations periodically in between programming. They give important information to those who are viewing our channel and act as filler until the next program plays.

Volunteer's that are trained at our station can produce any program they would like to create; except for pornography. This rule is the bible for Access stations, it is mandated by the government (FCC). The Board of Selectmen has mandated WayCAM to keep 2 years of Government programs in storage.

- If any PEG program is time sensitive, we will change the scheduling for that program; It is the producer's responsibility to let us know if that is needed.
- If program is no longer relevant we delete that program from our schedule.
- Government meetings are kept in our playback for 2 months then we delete them.
- Government meetings are kept on our website under on demand, for 6 months. year.
- Our policy is to guide us to get Government programming up on our on demand within 3-5 days of the meeting.

Weekly Programming:

*Programs are scheduled for morning to early afternoon hours then repeat on a loop.

*We try to do the same with the Government channel but meetings are much longer and we also have the live meetings in the nighttime hours, which change weekly.

*Afternoon programs are not scheduled due to the use of the broadcasting equipment for editing the monthly programs.

*New programs are played first and then the rotation begins until another program is created by that series. The process repeats itself until we play through our library.

*We never destroy a program entirely. We keep the originals on DVD for purchase.

FURTHER GUIDANCE ON PROHIBITION OF NON-COMMERCIAL PROGRAMMING

Definition of “Commercial”: Related to or used in the buying and selling of goods and services; concerned with earning money.

The following guidance is provided to assist Community Producers in the development of program content that complies with WayCAM’s prohibition of commercial programming or material.

(a) A Community Producer may create an educational program, such as a “how to” program that features a business. Examples include “This Old House,” “How to Bake a Cake,” or “Creating A Vegetable Garden.” These programs must not promote a product or service, nor include details such as a business’ address, telephone number, accepted payment methods, hours of operation, products or services and quality of service.

(b) Prices for commercial goods, services or events may never be given. The goal of any message should be to inform, not promote. Phone numbers, street addresses, Web sites and email addresses may be given only for non-commercial and/or non-profit organizations and individuals.

(c) There can be no commercial endorsement or commercial sponsorship of any business, enterprise, product, services, event or individual created with WayCAM equipment in WayCAM’s facility or created for cablecasting on a WayCAM channel.

(d) Interviews including commercial promotion of a business, including identification of a business website promoting the sale of products or services, inappropriate zooming in on shots of the business’ signage or logo and interview material promoting the business’ products and/or services, are prohibited. Interviews are considered commercial if they promote a business’ product or service, including discussion of the business’ address, telephone number, accepted payment methods, hours of operation, menu and quality of service.

(e) WayCAM will exercise good faith judgment in determining whether a program must be prohibited as commercial. WayCAM reserves the right to take action to prevent violations of this rule and to seek remedies. A repeat violator of the rule against commercial programming will be subject to a loss of privileges.

Appendix H. (PSA) - WAYCAM POLITICAL PROGRAMMING AND PUBLIC SERVICE ANNOUNCEMENTS– Policy Agreement Form

Whereas the FCC's (Federal Communications Commission) political cablecasting policies and rules apply only to commercial cable operators that originate programming, and therefore do not apply to PEG channels like WayCAM; therefore, the Board of Directors of WayCAM has adopted the following rules to apply to political programming and public service announcements on its channel.

Rules of Fairness Must be Followed by All Legally Qualified Wayland Candidates And All Registered Wayland Political Action and Public Issue Groups.

Only Legally Qualified Wayland Candidates Shall be offered equal cablecast time.

Only Wayland Political Action Groups and Public Issue Groups may use WayCAM for cablecasting political information.

Political programming and PSA policy:

1. For programs originated in the WayCAM studio or with WayCAM equipment, all legally qualified Wayland candidates shall be offered equal broadcast time, which offer may or may not be accepted. For programs originated outside the WayCAM studio and without WayCAM equipment, there is no equal time requirement.
2. Only programs and PSAs of Wayland political action groups and public issue groups may be broadcast on WayCAM and only if they are produced in the WayCAM studio or with WayCAM equipment and there is equal time offered for broadcast by those with alternate point(s) of view.
3. Presentations may be run during the 30 days preceding the political event.

FCC Personal Attack and Political Editorial Rules Must Be Followed By All Those Who Utilize WayCAM's Cablecasting Access To The Public.

1. FCC personal attack and political editorial rules must be followed by all those who utilize WayCAM's cablecasting access to the public. If, during a WayCAM originated cablecast, an attack is made on the "honesty, character, integrity, or like personal qualities of an identified person or group," WayCAM shall notify that person or group within one week and offer an opportunity to respond. A script, tape or summary of the attack shall be provided by WayCAM. This requirement does not apply to attacks made during newscasts, news interviews, or on the spot coverage of news events, although access for reply shall be granted if requested by the 'attacked' person or group, when time is reasonably available in the judgment of the WayCAM Board.
2. For cablecast or taped political programs, especially programs where Candidates are presenting their positions, only legally qualified Wayland Candidates shall be included and only after they have read, signed an acknowledgement of, and agreed to abide by, WayCAM's policies as stated herein.

ACCEPTANCE OF WayCAM Political Programming and Public Service Announcement Policy
