To whom it may concern,

My name is Bernard Lee, a parent of two high school students at Wayland High School. I work for ESPN and have done several television and online broadcasts over the past decade.

Over the past year or so, I have been providing guidance for the Journalism class, specifically in Live Game Broadcasts and Entertainment wrap shows (including sports).

From the beginning, I have been thoroughly impressed by the facilities, including the equipment and staff of WayCAM.

Wayland students are able to utilize the equipment and learn practical production applications prior to college and beyond, especially if they are interested in journalism. Additionally, for many of these students to have on screen experience has been invaluable and will prepare them for not only a career in journalism but also life in general.

I truly feel that WayCAM is an invaluable resource for the Wayland students and the community.

Best regards,
Bernard Lee
