Hi Jim!

My video testimonial is attached here, please let me know if there's anything else I can do to help with this effort. I'd be happy to write a personal letter to accompany this if that might make a difference. Don't hesitate to reach out - it's very important to me that you continue to get the support you need! And, I think the video conveys my gratitude decently, but I can't say enough how lucky I was to have your mentorship and the studio as a resource when I was younger.

Good luck!

Cheers,
Jacob Sussman
