Hello Mr. Mullane,

Here's my email for the WayCAM to help WayCAM, I learned so many things in your class, so it was really hard to put it in a nutshell, but here I try:

During my exchange year at Wayland High School I choose the Honors Script to Screen class with Mr. Mullane, which turned out to be a great choice. I was just expecting to learn a little bit about moviemaking, but this class turned out to be a big opportunity to learn how to express my ideas and to be confident with them as well as working together with fellow students on our projects. Not only did we write our own scripts, we were also able to turn these scripts into our own movies, which I thought was amazing and very empowering. This class really lighted a cinematic - spark in me and I got super motivated about the technical subjects that go into movie making. I learned how to use professional cameras and how to use cutting programs, which helped me until the day of today with my projects in Germany. I'm very thankful to have been able to visit this class and hope that many students will get this wonderful opportunity as well.

With sweet regards,

Teresa Hank Gomez
